## Mission Statement of School and District

The Edmonds School District engages students, staff, families, partners and the broader community in the district's Strategic Direction. Together, along with every school, results have been identified that we want for our students. The continual improvement of our schools is essential in providing increased student performance and quality results. Innovative, exemplary, and research-based programs, coupled with professional development, focused and aligned resources, and community participation in decision making and planning are essential elements in improving schools. For more detailed information, please visit our school's improvement plan or give us a call at your convenience.

## About Us

At Brier Terrace Middle School we strive to create a positive learning environment which enhances and nurtures the social, emotional, physical and intellectual growth of young adolescents. The 5 — P's — polite, prepared, prompt, productive, and proud — are emphasized at our school and taught and demonstrated throughout our school by students and staff.

Through the Professional Learning Communities (PLC) process we will:
