

Chase Lake Community School

About Us

Chase Lake Community School is a child-centered community of students, teachers and staff who work together to provide an enriched learning environment for all ages. We care for each child as an individual, and promote ongoing learning for all ages.

Our classrooms are filled with joy and learning. People who visit us often ask why we are called a community school, and what is different about us. The word community was included in our name to remind us that schools work best when we all work together. Families, volunteers, neighbors and staff form a strong team to ensure the safety and learning of Chase Lake students. This teamwork is built on the beliefs and expectations for all members of our community.

Mission Statement of School and District

The Edmonds School District engages students, staff, families, partners and the broader community in the district's Strategic Direction. Together, along with every school, results have been identified that we want for our students. The continual improvement of our schools is essential in providing increased student performance and quality results. Innovative, exemplary, and research-based programs, coupled with professional development, focused and aligned resources, and community participation in decision making and planning are essential elements in improving schools. For more detailed information, please visit our school's improvement plan or give us a call at your convenience.

State Assessments

Washington students are tested annually by the state to assess their progress as they move through school. In grades 3-8 students take tests in English language arts, math and science. Please see [our School Report Card](#).

Academic Accomplishments and Goals – Focus Areas

At Chase Lake Community School we will continue to refine our knowledge of language acquisition by providing rigorous professional learning focused on research based, culturally responsive instructional strategies with the goal of closing the opportunity gap while raising achievement for all students. As a result of this work, we will strive to increase the number of students meeting English Language Arts standards in state testing in the Spring of 2020.

How You Can Help

We welcome you to become involved in our school by becoming a volunteer. We have individual students who would benefit from one-to-one mentoring in friendship and basic skills. Please contact the school office if you are interested.

Financial Resources

Annually, we produce a Citizens Guide to the District's Budget. One of our highest priorities is being excellent stewards of our community's resources.

Each year, we involve staff, students, families and community members in helping us to set budget priorities. For more information on school funding, we encourage you to refer to the [2018-19 Citizens Guide to the Budget](#).
