

Lynnwood Elementary School

About Us

We are a diverse learning community that is a microcosm of the world. We are committed to connecting all of our families to our school community in meaningful ways. We are developing our skills and awareness so that we can be contributing members of a global community that is increasingly interconnected.

We are guided in our daily work by the following expectations:

We expect excellence in academics and we are committed to learning.

We teach excellence in ingenuity and are critical thinkers.

We are inspired to use creativity and curiosity in our academic, social and community responsibilities.

We expect and teach excellence in personal character and we are a peaceful community.

Mission Statement of School and District

The Edmonds School District engages students, staff, families, partners and the broader community in the district's Strategic Direction. Together, along with every school, results have been identified that we want for our students. The continual improvement of our schools is essential in providing increased student performance and quality results. Innovative, exemplary, and research-based programs, coupled with professional development, focused and aligned resources, and community participation in decision making and planning are essential elements in improving schools. For more detailed information, please visit our school's improvement plan or give us a call at your convenience.

Our 525 students at a glance:

State Assessments

Washington students are tested annually by the state to assess their progress as they move through school. In grades 3-8 students take tests in English language arts, math and science. Please visit [our School Report Card](#).

Academic Accomplishments and Goals – Focus Areas

In 2019-20 we will intentionally work to ask all our students higher-level thinking questions that require them to regularly justify their answers across all content areas. As a result, we expect that students will be better able to speak, read and write, grounded in evidence.

For more detailed information, please visit our school's improvement plan or give us a call at your convenience.

How You Can Help

We welcome your involvement in our school by becoming a volunteer. We have individual students who would benefit from one-to-one tutoring in basic skills, and active PTA, and many other opportunities for you to choose from. Please contact the school office if you are interested, we welcome you to our school family.

Financial Resources

Annually, we produce a Citizens Guide to the District's Budget. One of our highest priorities is being excellent stewards of our community's resources. Each year, we involve staff, students, families and community members in helping us to set budget priorities. For more information on school funding, we encourage you to refer to the [2018-19 Citizens Guide to the Budget](#).
