The Edmonds School District engages students, staff, families, partners and the broader community in the district's Strategic Direction. Together, along with every school, results have been identified that we want for our students. The continual improvement of our schools is essential in providing increased student performance and quality results. Innovative, exemplary, and research-based programs, coupled with professional development, focused and aligned resources, and community participation in decision making and planning are essential elements in improving schools. Academic Accomplishments and Goals – Focus Areas
In 2019-20 staff will design instruction that engages students in learning content and skills designed to support their growth as independent learners and thinkers, while fostering relationships with students that emphasizes their social-emotional and academic growth. As a result of this work:

• Teachers will collaboratively develop a common scope and sequence and assessments. They will regularly analyze data/evidence of student learning from tasks, and then modify and differentiate their instruction for all students and small groups.

Financial Resources

Annually, we produce a Citizens Guide to the District’s Budget. One of our highest priorities is being excellent stewards of our community’s resources. Each year, we involve staff, students, families and community members in helping us to set budget priorities. For more information on school funding, we encourage you to refer to the 2018-19 Citizens Guide to the Budget.
