

Seaview Elementary School

About Us

Our school is a great place to learn, where new learning is happening every day. We are working to support all students experiencing a safe, nurturing and inclusive learning environment through positive behaviors.

Mission Statement of School and District

The Edmonds School District engages students, staff, families, partners and the broader community in the district's Strategic Direction. Together, along with every school, results have been identified that we want for our students. The continual improvement of our schools is essential in providing increased student performance and quality results. Innovative, exemplary, and research-based programs, coupled with professional development, focused and aligned resources, and community participation in decision making and planning are essential elements in improving schools. For more detailed information, please visit our school's improvement plan or give us a call at your convenience.

State Assessments

Washington students are tested annually by the state to assess their progress as they move through school. In grades 3-8 students take tests in English language arts, math and science. Please see [our School Report Card](#).

Academic Accomplishments and Goals – Focus Areas

In 2019-20, our growth goal will be to increase student academic growth using Tier 1 interventions in all content areas with a focus on Reading and Writing. Teachers will collaborate in professional learning communities to continue to study and gain knowledge of effective instructional strategies for all students (Tier 1), next steps implementation of strategies in their classrooms, resulting in student growth in all areas. Using Reading and Writing as the foundational (MTI assessments/Tracking) teachers will measure progress in alignment with district specific requirements. They will analyze growth in student work, pre and post assessments, observational data, surveys, etc.

Continued from Page 2

We believe that classrooms filled with Tier 1 Instruction Strategies in our classrooms will result in Reading, Writing and Speaking achievement for all students.

As a result of this work we expect that:

Compared to 70% percent of tested students meeting standard on the ELA portion of the state's spring 2019 test, 73% percent of tested students will meet standard on the ELA portion of the state test in spring 2020.

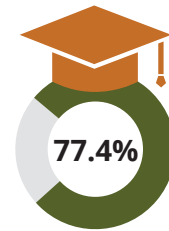

For more detailed information, please visit our school's improvement plan or give us a call at your convenience.

How You Can Help

We welcome you to our school by becoming a volunteer. We have individual students who would benefit from one-to-one tutoring in basic skills and many other ways that you can participate! Please contact the school office if you are interested in becoming a volunteer, we will welcome you!

Financial Resources

Annually, we produce a Citizens Guide to the District's Budget. One of our highest priorities is being excellent stewards of our community's resources.

Each year, we involve staff, students, families and community members in helping us to set budget priorities. For more information on school funding, we encourage you to refer to the [2018-19 Citizens Guide to the Budget](#).
