Edmonds
SCHOOL DISTRICT

Each student learning, every day!

About Us

Our vision at Cedar Valley Community School is to connect, empower, and motivate students to thrive. At Cedar Valley we shape and nurture our culture and integrate an inclusive approach to schooling where collaboratively, we are all committed to each child's academic success.

Mission Statement of School and District

The Edmonds School District engages students, staff, families, partners and the broader community in the district's Strategic Direction. Together, along with every school, results have been identified that we want for our students. The continual improvement of our schools is essential in providing increased student performance and quality results. Innovative, exemplary, and research-based programs, coupled with professional development, focused and aligned resources, and community participation in decision making and planning are essential elements in improving schools.

For more detailed information, please visit [our school's improvement plan](#) or give us a call at your convenience.

Academic Accomplishments and Goals

Strategic Direction Focus Areas

Our 2016-17 goal is to work with teachers and staff to provide meaningful assessment of students knowledge in math and to then analyze our students areas of need to improve learning. We will strive to have targeted instruction resulting in successful learning for our students thus building a solid mathematical foundation.

For more detailed information, please visit [our school's improvement plan](#) or give us a call at your convenience.

How You Can Help

We welcome you to become a volunteer at our school. We have individual students who would benefit from one-to-one tutoring in basic skills, as well as a wide variety of other activities you can become involved with. Please contact the school office if you would like to join our team!

About our Building

Opened: 2001

Square footage: 68,950

We are proud that our school facility is used extensively by our community for meetings, events and youth activities.

Financial Resources

Annually, we produce a Citizens Guide to the District's Budget. One of our highest priorities is being excellent stewards of our community's resources. Each year, we involve staff, students, families and community members in helping us to set budget priorities. The state provides \$8,662 per pupil to our District. For more information on school funding, we encourage you to refer to the [2016-17 Citizens Guide to the Budget](#).

State Assessments / Staff and Student Data / Supplemental Programs

Washington students are tested annually by the state to assess their progress as they move through school. In grades 3-8 students take tests in English language arts, math and science. Student scores on these tests determine a school's adequate yearly progress, also known as AYP. To view our test results, data about our teachers and students, and supplemental programs please visit [our School Report Card](#).
