Edmonds
SCHOOL DISTRICT

Each student learning, every day!

About Us

At Edmonds Elementary School we strive to build a community where learners are nurtured to become self-directed, productive, responsible individuals who demonstrate concern for themselves, for others, and for our world through a partnership of students, staff, parents, and community.

Mission Statement of School and District

The Edmonds School District engages students, staff, families, partners and the broader community in the district's Strategic Direction. Together, along with every school, results have been identified that we want for our students. The continual improvement of our schools is essential in providing increased student performance and quality results. Innovative, exemplary, and research-based programs, coupled with professional development, focused and aligned resources, and community participation in decision making and planning are essential elements in improving schools.

For more detailed information, please visit [our school's improvement plan](#) or give us a call at your convenience.

Academic Accomplishments and Goals

Strategic Direction Focus Areas

As instructors, we structure learning tasks that developmentally move students towards higher level thinking and discussions, require students to explain their thinking, and develop student perseverance; then our students will use problem-solving strategies and demonstrate persistence when problem solving. As a result of this action:

- Compared to 67 percent of 3-6 graders in Spring 2016, 70 percent of 3-6 graders will meet or exceed standard on Smarter Balanced Math Assessment in Spring 2017.

For more detailed information, please visit [our school's improvement plan](#) or give us a call at your convenience.

How You Can Help

We welcome you to become involved in our school by becoming a volunteer!

Our active PTA and STARS Foundation support our school in many ways, including the ORCA-thon fundraiser and the STARS auction. This tremendous support helps supplement classroom needs in our school. Additionally, we have individual students who would benefit from one-to-one student support and a variety of other activities you could become involved with. Please contact the school office if you are interested in joining our team at Edmonds Elementary!

About our Building

Opened: 1966

Square footage: 34,726

We are proud that our school is extensively used by our community for meetings, events and youth activities.

Financial Resources

Annually, we produce a Citizens Guide to the District's Budget. One of our highest priorities is being excellent stewards of our community's resources. Each year, we involve staff, students, families and community members in helping us to set budget priorities. The state provides \$8,662 per pupil to our District. For more information on school funding, we encourage you to refer to the [2016-17 Citizens Guide to the Budget](#).

State Assessments / Staff and Student Data / Supplemental Programs

Washington students are tested annually by the state to assess their progress as they move through school. In grades 3-8 students take tests in English language arts, math and science. Student scores on these tests determine a school's adequate yearly progress, also known as AYP. To view our test results, data about our teachers and students, and supplemental programs please visit [our School Report Card](#).
