

Transportation

The district may provide transportation to and from school for a student:

- A. Whose residence is beyond the one mile walk from the school to which the student is assigned;
- B. Whose walking route to school is hazardous;
- C. Whose disability prevents him/her from walking or providing for his/her own welfare while walking; or
- D. Who has another compelling and legally sufficient reason to receive transportation services. The parent or guardian of a student whose assigned bus stop is beyond the maximum walking distance may receive reimbursement for private transportation at the state mileage reimbursement rate.

The district's transportation program will comply in all ways with state law and regulation. Transportation services of the district may include approved bus routes, district-approved field trips, school activities (participants only) and extracurricular activities (activity supporters). The superintendent is authorized to permit a parent of a student enrolled in school to ride a bus when excess seating is available and private or other public transportation is not reasonably available.
