SNOHOMISH SCHOOL DISTRICT SNOHOMISH, WASHINGTON

AGREEMENT FOR INTERDISTRICT COOPERATIVE EDUCATIONAL SERVICES FOR HANDICAPPED CHILDREN

This agreement is entered into by SNOHOMISH SCHOOL DISTRICT NO. 201 (*Serving District*) and **Edmonds School District No. 15** (*Resident District*) and provides as follows:

1. Both the Serving District and Resident District Boards of Directors have by resolution granted authority to their representatives to execute this Agreement and agree that this interdistrict cooperative arrangement is desirable to provide educational programs not otherwise available, and/or to avoid unnecessary duplication of specialized or unusually expensive programs or facilities.
2. Services will be provided during the 2011 – 2012 school year, for 180 school days, according to the Serving District calendar and program schedules. The estimated number of students to be served in this cooperative is:

1	Edmonds School District No. 15
3	Lake Washington School District No. 414
4	Marysville School District No. 25
1	Mukilteo School District No. 6
2	Shoreline School District No. 412
1386	Snohomish School District No. 201
2	Sultan School District No. 311
3. Services will be provided for one or more students of the Resident District as mutually agreed to by the authorized representatives of both districts. The Serving District reserves the right to unilaterally determine whether or not it will serve any individual student or category of students from the Resident District.
4. The Serving District will claim and receive basic education funding. The resident district will claim and receive special education funding.
5. The Resident District is responsible for providing transportation services for its resident student(s) to and from program location in the Serving District.
6. The Resident District agrees to share the burden of any program costs in excess of the categorical funding available from state and/or appropriate federal sources.

7. The Resident District will be charged per student handicapping condition identified on Appendix A to defray expenses (including indirect costs). FTE's will be figured on a monthly basis. In addition to said charge, expenses incurred by the Snohomish School District for specific, individual services required by out-of-district students will be billed directly to the Resident District. Such charges will be negotiated prior to additional services being provided. Billing for un-funded direct costs may include, but are not limited to, the following:
 - a) Pro-rated shares of un-funded direct costs of the particular program (i.e., program 21) or class (e.g., DD) in which Resident District students are enrolled;
 - b) Extraordinary costs beyond the funding support level for direct services required for a particular Resident District student;
 - c) Services provided at the request of the Resident District for its students beyond levels customarily provided by the Serving District for students with similar handicaps; and,
 - d) Any costs resulting from unilateral termination of the Agreement by the Participating District during the 2011 - 2012 school year.

In the event that students enter or leave the Serving District program during the course of this Agreement, any un-funded excess cost billings to the Resident District will be appropriately prorated.

8. Billings to the Resident District, if any, will conclude as soon as possible to the close of the school year in order to be paid to 2011 - 2012 budget accounts.
9. The prospective lower tier participant certifies, by signing this agreement, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. The prospective lower tier participant shall provide immediate written notice to **Snohomish School District Purchasing Department, 1601 Avenue D, Snohomish, WA 98290** if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

Should the prospective lower tier participant enter into a covered transaction with another person at the next lower tier, the prospective lower tier participant agrees by signing this agreement that it will verify that the person with whom it intends to do business is not excluded or disqualified. The prospective lower tier participant will do this by:

- (a) Checking the federal Excluded Parties List System (EPLS); or
- (b) Collecting a certification from that person if allowed by this rule; or
- (c) Adding a clause or condition to the covered transaction with that person.

The prospective lower tier participant agrees by signing this agreement that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous.

The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

10. All assets acquired by the Serving District and placed in service for the cooperative during the Agreement shall remain the property of the Serving District. The Resident District will retain ownership of any equipment it directly acquires for the specific use of its students in the cooperative.
11. Both parties to this Agreement will announce their intention whether or not to continue this cooperative for the succeeding school year no later than May 1, 2012.
12. The Resident District agrees to send an authorized representative to all required Multi-Disciplinary Team (MDT) and Individualized Education Program (IEP) meetings annually scheduled within the Serving District.
13. The Serving District will provide sufficient data for the Resident District to determine independently whether or not it is providing a Free Appropriate Public Education (FAPE) for its students served within the Serving District. The Resident District retains the obligation to conduct any due process or citizen complaint proceedings granted by state and/or federal regulations to its parents/students.
