Through the legislative process teens in grades 8-12 develop confidence, hone skills in writing, research and public speaking, and better understand their power as citizens in a democratic society.

Delegates learn about the variety of views and issues around Washington as they discuss solutions and alternatives to problems facing their own communities.

The Edmonds School District does not sponsor or endorse the activity and/or information contained in this

Everyone is welcome. The YMCA of Greater Seattle strengthens communities in King and south Snohomish counties through youth development, healthy living and social responsibility. Financial assistance is available.
