

ECA TEACHER WORKSHOP

"From Larvae to Butterfly: Metamorphosis Through Puppetry"

Thursday, November 15 | 5:00-8:00 pm
Free admission

"From Larvae to Butterfly" is led by award-winning puppeteer **Hobey Ford**. The workshop invites teachers to create foam rubber puppets that can be used in the classroom to show the monarch's phases of caterpillar and butterfly. Puppet manipulation techniques will be explored, so that puppets can be used in performances with students. Teachers will also learn how to create paper butterfly puppets for use in the classroom.

As ECA is certified by OSPI as an In-Service Education Agency, participants will be eligible to earn clock-hour credits. To register, or for more information, contact Gillian Jones, ECA Director of Programming, at gillian@ec4arts.org or 425.275.9483.
