

International Student
Exchange

Host an Exchange Student

Bring A New Culture Into Your Home!

By hosting an international student, your family will be rewarded with a life changing experience. You will learn more about different cultures and how they impact our life in the U.S. by exchanging ideas with your exchange student. An exposure to different cultures will provide a deeper appreciation for what your family has and for the tremendous challenges facing other nations.

Your exchange student will be attending your local high school. They will be able to add new dimensions to the activities of your schools' international clubs and organizations. Your student will also participate in community service.

The Edmonds School District does not sponsor or endorse the activity and/or provide information contained in this material.

All Students:

- ✓ Are high school age (15-18)
- ✓ Have medical insurance
- ✓ Have a strong academic record
- ✓ Speak English
- ✓ Bring their own spending money
