

## Winter After School Activities

At Soundview, we offer after school activities throughout the year. All classes are open to the public. Students gain valuable experiences, develop skills, and discover new passions by participating in activities led by experts. Each trimester, we offer a new assortment of classes for students from ages three to thirteen. Most classes meet for an hour after school once a week. Check the individual class descriptions for specific details. Registration is available on a first-come, first-served basis. For winter activities, the registration deadline is November 30. If you have any questions or would like more information, please contact the Director of Auxiliary Programs, Molly Bozarth at [mbozarth@soundview.org](mailto:mbozarth@soundview.org).
