### *What is the Challenger Program?*

The Challenger Division of Pacific Little League offers boys and girls with physical and developmental challenges ages 4 to 18 (or the completion of high school) the opportunity to participate in an organized game of baseball. The most fundamental goal of the Challenger Division is to give everyone a chance to play.

This is a very unique opportunity for them that is not available in other sports. Our kids relish the chance to have uniforms, learn sports skills, and be cheered from the stands. Not only does Challenger benefit the kids, it is a connection point for families too, who offer friendship and support to one another.

We hope that PLL's Challenger team will be an inspiration to other teams as well.

- Boys & Girls K – 12<sup>th</sup> Grade
