

Teen Hip Hop

Summer Camps (ages 13-16)

In one week you can discover some of the secrets to great hip hop dancing. Learn the techniques and tool you need to pick up choreography and remember it and then put your own style into it. This class is fun, age appropriate and recreational while keeping a high standard of instruction. Bring your "studio only dance shoes" to change into and get ready to groove.

Mountlake Terrace Recreation Pavilion welcomes Alex Farias to our team of excellent teachers.

Alex Farias found her passion for dance with the Roosevelt Dance Team. The team climbed their way to State Competition several times, including the 2013-2014 school year, when they were crowned District Hip Hop Champions.

Team Coach Mindy Lu, an established professional dancers in the Seattle community and famous choreographer, Daniel Cruz, who set competition pieces on the team inspired her to begin choreographing her own dances for the team. Last year it became her responsibility to lead the group and she discovered a love for the creation of dance and teaching.

Alex is excited to work with the Mountlake Terrace Community this summer in the Hip Hop camps.
