

SUMMER FUN AT SOUNDVIEW

Soundview Summer Camp offers enriching week-long programs that provide campers opportunities to learn, play, and create on our beautiful campus in Lynnwood. Camp runs from 9:00 a.m. to 4:00 p.m. with extended care from 7:30 a.m. to 5:30 p.m. Our experienced instructors lead small groups in engaging, challenging, and fun activities that cater to a wide range of interests.

Early Childhood Summer Camp Themes

Ages 3-5

Week 1: June 23rd - 27th: Let Your Imagination Soar!

Test your courage and build your acting skills during this fun-filled week of make believe! Campers will make puppets, perform puppet shows, and use movement, song, and dance to express yourself.

Week 2: June 30th - July 3rd: Amazing Earth

During this four day week, learn all about the planet earth as you make recycled art projects, get your hands dirty in the garden, and take a nature hike at a local park.

Week 3: July 7th - 11th: Community Helpers

Explore our country through songs, stories, arts and crafts. We will learn about and meet community helpers with a visit from a local police officer and a trip to the fire station.

Week 4: July 14th - 18th: Oh, the Places You'll Go!

Each day campers will use their imaginations to travel to a new continent and learn about local animals, food, and culture. We will visit the Imagine Children's Museum in Everett for a fun day of play and exploration.

Week 5: July 21st - 25th: Dive into the Deep Blue Yonder

Glimpse life in the marine environment while we take a ferry ride and visit a beach. Throughout the week, you will become knowledgeable about the vast variety of animals that live in the ocean.

Week 6: July 28th - August 1st: Animal Homes and Habitats

Campers will learn all about animals and their natural habitats. Visit local animal habitats, learn how to care for animals, and make nature-inspired arts and crafts.

Primary Summer Camp Themes

Ages 6-14

Week 1: June 23rd - 27th: DIY Kids

Engage in fun, hands-on activities as you create do-it-yourself masterpieces! Spend the week planting flowers and herbs, make mosaic art, and turn boring white garments into tie-dye sensations all while sharpening your artistic skills.

Week 2: June 30th - July 3rd: Robotics

During this four-day week, campers will experiment with force, motion, and simple machines as they build their very own robots.

Week 3: July 7th - 11th: Toys and Games

Become a master toy builder in this week of hands-on fun and games where you will learn about games from around the world and make your own toys.

Week 4: July 14th - 18th: Ecosystems

Learn about the relationships between living and nonliving things in ecosystems as you explore and observe interactions at local beaches, forests, and ponds.

Week 5: July 21st - 25th: Improv

Let out your inner thespian during this week of fun and funny theater games. Learn the skills of improvisation as you build your self-confidence, courage, and cooperation skills!

Week 6: July 28th - August 1st: Space

Explore the far reaches of the universe as you learn all about the stars, planets, and our moon. We will visit a planetarium, learn about constellations, and build rockets as you channel the astronaut inside you.

Summer Strings

Through experiments, activities, and practice, you can become an experienced string player! String campers will meet from 4:15-5:00 p.m.

July 21st - July 25th

Beginning Strings

Open to beginners entering 1st grade and up

July 28th - August 1st

Orchestra

Open to experienced players entering 2nd grade and up
