2020-2023

This Memorandum of Understanding between Edmonds School District No. 15 (District) and the Edmonds Managers' Association (EMA), when approved by the District Board of Directors, shall be in effect July 1, 2020 through June 30, 2023.

1. **Work Year.** The full time work year shall consist of twelve months, July 1 through June 30 each year. The work year shall consist of 254 work days exclusive of holidays as set forth in Section 4 of this Memorandum and vacation days. As exempt employees under federal law, there is an understanding that such members of this employee association have discretion to manage their time and are not answerable for the number of hours worked or the number of tasks performed. They are paid for the general value of services performed. Therefore employees may adjust their hours and/or days to compensate for the additional work. With approval of their supervisor, EMA members may, on an occasional basis, be allowed to work at an alternate work location, including their homes.

During the 2020-21 school year, the parties agree to conduct a joint study of manager classifications and salary structures to determine whether the current manager salary schedule and midpoint adjustment process should be revised. Such study shall be completed no later than March, 2021. If the parties agree to a new structure, any adjustment will be effective July 1, 2021. Should the parties agree to maintain the current salary structure and/or midpoint process, the Managers' 2021-22 and 2022-23 Salary Schedule shall be adjusted based on the formula applied for the 2020-21 school year. Should regionalization factors change for Puget Sound area districts during the term of this Agreement, the parties agree to re-open this section of the Agreement to determine whether to adjust comparison Districts.

Should the Legislature, through the State Appropriations Act, authorize and fund a percentage salary increase for administrators during the term of this Agreement, the District shall apply such percentage increase to the salary schedule retroactive to July 1.

Should the Legislature make adjustments to the District's salary allocations during the term of this agreement, the parties agree to meet to confer on the impacts of such adjustments, with a view to potential modification of the Agreement.

Return to duty request following health leave shall be filed with the Executive Director of Human Resources at least fifteen (15) calendar days in advance of his/her intent to return to active employment. An employee failing to timely submit such a request will be deemed to have terminated his/her employment with the District at the expiration of his/her health leave.

An employee returning to duty after a health leave must present a written statement from his/her physician certifying that they are ready to return to work. The District may also require such an employee to submit to an examination by a physician of the District's choice. The final decision regarding return to duty shall be made by the Superintendent after communication with the immediate supervisor and the physician(s) involved.

- (2) **Child Care Leave.** Child care leave without pay will be granted to an employee for the purpose of caring for a child of the employee under the age of 6 or the care of a child of the employee under the age of 18 who has a terminal health condition. Special leave without pay will be granted to a classified employee when the special leave will provide a position for a person who has not been retained and is qualified for the position.

While on leave the employee shall have the responsibility of notifying the District in writing by March 1 as to whether he/she wishes to return to regular employment with the District for the ensuing year. If such notice is not received by March 1, the individual's employment with the District will be terminated at the end of the leave period.

Upon expiration of sabbatical leave, subject to eligibility under layoff and recall provisions in effect at the time of expiration, the employee will be returned to his/her former position or one of similar nature. Unused accumulated leave to which the employee was entitled before the granting of the leave shall be restored to the employee upon return to active employment. For purposes of salary schedule placement and calculation of seniority, the year of leave shall be considered the same as a year of District service.

Status of Stipend and Insurance. An employee on sabbatical leave shall receive a stipend equal to fifty percent (50%) of total salary.

An employee on sabbatical leave shall not seek employment for compensation during the period of study, research, travel or work experience other than to supplement sabbatical leave income in carrying out the approved program. Such employment must be approved by the Superintendent or designee.

Within thirty (30) calendar days after his/her return from sabbatical leave, the employee will, if he/she was employed for compensation during the period of the sabbatical program, file with the Superintendent full details of this employment and income derived from it.

Health insurance and other insurance benefits provided through the District may remain in force throughout the period of such leave at the employee's discretion, by payroll deduction from each sabbatical stipend warrant.

Unused monies of up to \$2,500 may be carried over for one year.

An employee may individually request approval to borrow against their professional improvement/dues allocation for the ensuing year. Upon resignation from the District any negative balance must be paid back to the District either personally or from budget funds managed by the employee.

The project plan must be developed between the employee and the immediate supervisor by January 30 of the year in which the project is begun. The stipend will be paid in a lump sum at the completion of the project.

14. It is understood that the relationship between salary and benefits for employees represented by the Edmonds Managers' Association and salary and benefits for employees represented by the Edmonds Principals' Association has been maintained.
15. The EMA Executive Board will receive training in the position classification process. When a new EMA position is created, the District will notify the EMA Executive Board regarding the position and its placement on the salary schedule. The District will consider any input provided by EMA regarding new positions and classifications; however it is understood that the District retains the right to determine positions and classifications.
16. **Evaluation Workload.** The District and EMA recognize the impact of the teacher evaluation system on administrator workload. Any EMA member responsible for certificated evaluations who is concerned about the impact of the number of evaluations for which they are responsible, may contact the Executive Director of Human Resources to discuss possible options for support.
17. **Problem Solving Procedures.** When an alleged misapplication, misinterpretation, or violation of this Memorandum of Understanding is suspected, an employee may make a statement which contains:
 - The facts upon which the problem is based;
 - Reference to the specific section of this Memorandum of Understanding which is alleged to have been violated;
 - Remedy sought.

General Conditions:

- A. *Procedure.* Every effort shall be made to resolve problems related to implementation of the Memorandum of Understanding through free and informal communications and conferences between the employee and his/her immediate administrative supervisor. If this informal process fails to provide an acceptable adjustment of the problem the employee may refer the issue to the Superintendent or designee for discussion. If the issue is not resolved at the Superintendent level the employee may refer the issue to the Board of Directors. Every effort will be made to expedite the problem solving process.
 - B. *Confidentiality.* All matters pertaining to specific problems shall be confidential information and shall not be unnecessarily or indiscriminately related, disclosed or divulged by any participant in the problem solving process or by any employee of the district. Written records related to this problem solving procedure will be kept separately from an employee's file.
 - C. *Freedom from Reprisal.* Individuals involved in problem solving proceedings whether as the employee, a witness, a representative, or otherwise shall not suffer any restraint, interference, discrimination, coercion or reprisal on account of their participation in this problem solving process.
18. **Administrative Reductions.** Program and staff reductions may be required as a result of enrollment decline, failure of a special levy election, termination or reduction of funding of categorically-funded projects, other events resulting in a significant reduction in revenue, or a reallocation of funding. The board of directors, upon recommendation of the superintendent, shall determine which educational programs and services will be reduced, modified, or eliminated.
- In the event that possible options for reducing administrative positions are under discussion in the district, then such possibilities must be discussed individually and privately with potentially impacted administrators by their direct supervisor as soon as possible and prior to any large district group processing.
- The board of directors will determine the number of administrative positions to be eliminated or consolidated.

In the event the superintendent recommends that a reduction in the administrative work force is in the best interest of the school district then the superintendent or designee will meet with the executive board of the Edmonds Managers' Association to discuss mutually agreeable ways of implementing the recommendations. The subsequent agreements will not be subject to the procedures contained in Section 14 of this Memorandum of Understanding. Generally, qualifications and seniority within job category shall govern such reductions. In the absence of agreement among the superintendent and the Edmonds Managers Association, the criteria for retention set forth in Parts C and E of PPM #IX-L shall govern. If a disagreement exists between the Edmonds Managers' Association and the District about which specific employees are subject to reduction, the Procedures for Reduction in Administrator Work Force #IX-L located in the Personnel Procedures Manual shall apply.

Certificated employees may be transferred to subordinate certificated positions (including nonsupervisory certificated positions) in accordance with RCW 28A.405.230. In the event the reduced or modified educational program also requires the reduction of nonsupervisory certificated positions, the retention rights of such employees as nonsupervisory certificated employees will be governed by the District-Edmonds Education Association collective bargaining agreement.

Employees who are not retained in administrator positions shall be placed in employment pools for the period between the establishment of the pool and the third November 1 after the pool is established for possible reemployment as administrators in job categories for which they qualify. Qualifications for reemployment shall be broadly construed and not limited in application only to positions previously held in the district. While in an employment pool, the individual may access Human Resources guidance in résumé preparation and district computers and office space when available for the purpose of career transition.

- 19. If either party wishes to discuss any changes that may impact the membership during the term of this agreement, the party can ask to meet and confer and mutually agree to open this MOU.
