Lynnwood meetings for families with transgender and gender-diverse kids

Join us on 2nd Sunday afternoon of every month!

There is a lot for parents and caregivers to figure out when a child is gender-diverse. If you are a family member who needs information and support regarding your child's gender expression or identity, Gender Diversity can help. Our weekly support groups for parents and guardians began in 2008, making it the longest running and largest network of support groups in the country. With trained facilitators, and adjoining kids' activities, we lead weekly gatherings for parents and families.

Join us!

We monitor all of our groups to make sure they are safe places. A short intake call is required. Schedule today at info@genderdiversity.org.
