

2021 Capital Levy

Ballots due Tuesday, April 27

Learn more: bit.ly/2021CapLevy

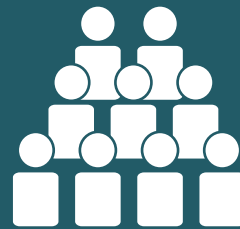

Why does the district need a capital levy?

Make necessary improvements

Safety, security & accessibility

Capacity challenges

Replace aging schools

What would the measure cost?

If approved, the 2021 Capital Levy would cost taxpayers approximately

\$0.68-\$0.79 PER \$1,000 OF ASSESSED VALUATION

This would bring the total estimated tax rate (which includes other levies and bonds) to **\$3.36 per \$1,000** of assessed valuation.

This would maintain a steady local education tax rate over the next six years.
